I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: Without the services of College Pharmacy, I
would not be able to receive my monthly prescription
prescribed by my doctor here in Wichita. They are the
closest compounding pharmacy available to me. Since being on
this hormone replacement therapy, I am better in the last year.
than the previous medication, which did nothing for me in
the 11 years of taking it.
